The Problems of Work on DVD Earns Telly Award

Golden Era Productions was presented a Telly Award for The Problems of Work on DVD.

| [LOS ANGELES, CALIFORNIA](#) • JUNE 25, 2011 |

The Problems of Work on DVD was honored Monday, June 13, with a Bronze Telly Award for Charitable/Not-for-profit films, the second coveted industry award presented this month to the 66-minute filmed presentation of L. Ron Hubbard's book *The Problems of Work—Scientology Applied to the Workaday World*.

Produced by Golden Era Productions, the central dissemination center of the Scientology religion, *The Problems of Work* film on DVD is drawn directly from the pages of L. Ron Hubbard's book, illustrating basic Scientology principles for use in everyday life.

"All eight of the individual film chapters vividly illustrate the book's principles and demonstrate its procedures for immediate application," says Catherine Fraser, Director of Public Affairs for Golden Era Productions. "It contains the senior principles and laws that apply to every endeavor, every problem of work—discoveries which lay bare the core of these problems and explain the very fabric of life itself."

The film is the centerpiece of an introductory Scientology course offered in every Scientology Church and Mission. To make the knowledge broadly available, the DVD has been translated and produced in 15 languages.

Among the Scientology principles presented in the film are the triangle of Affinity, Reality and Communication, which are the Components of Understanding; the Anatomy of Confusion; the Anatomy of Control; the Secret of Efficiency; and the underlying mental and spiritual reasons for exhaustion and their remedy.

The Telly Awards, established in 1978, has the mission of strengthening the visual arts community by inspiring, promoting, and supporting creativity. Today, the Telly is one of the most sought-after awards by industry leaders, from large international firms to local production companies and ad agencies.
